Easy to use

# IST C1-C2

## SMALL, HANDY, HIGH PERFORMANCE

This series has been designed for all applications using a small amount of solvent. **Safe, solid, easy to install and operate** - they are the ideal solution for small companies with a limited solvent consumption; they offer a **small investment** for small and occasional solvent recycling requirements. Thanks to their **highly efficient distillation process**, optimal sludge concentration and low energy consumption, the C1 and C2 are cutting edge industrial distillation solutions.

본 시리즈는 소규모 솔벤트를 사용하는 곳에 적합한 장비로 안전하면서도 사용 및 설치가 편리합니다. 보급형 제품으로 고효율 재생을 통해 소량 폐용제 재생에 적합한 모델입니다.

타이머 및 온도계의 조정만으로 쉽게 폐용제를 재생할 수 있습니다.

국내 BMW, BENZ 수리센터 및 소규모 인쇄업체에서 많이 사용하는 모델입니다.

| Model  | Installed power | Loading capacity | Productivity     |
|--------|-----------------|------------------|------------------|
| IST C1 | 1.6 kW          | 10 l             | Da 10 a 40 l/24h |
| IST C2 | 1.6 kW          | 15 l             | Da 15 a 60 l/24h |

## THE BENEFITS OF THE IST C SERIES

### Practicality

- easy sludge removal thanks to a handy tilt function and practical waste bags
- real time heating temperature and cycle time regulation with conveniently located knobs

### Convenience

- safe, low cost system for standard requirements
- reduced footprint optimises production space
